*PRE CUT No. 3 DEPTH FIRST CUT BLANK.

INDEXES

The catalogue features a series of indexes for easy reference.

1. Pictorial Index — This index consists of small illustrations, each highlighting a group of components. Against each group the commencing and finishing page numbers on which the items appear are given.

2. Alphabetical Index — This index lists all the major items of the vehicle in alphabetical sequence and provides the page number on which the item can be found.

3. Numerical Index — This index which is at the end of the catalogue lists all serviced parts in numeric sequence, together with a full description of the part and the first page number on which the item appears.

LAYOUT

The catalogue illustrates all parts, assemblies and repair kits available for the vehicle and quotes the part number directly on the illustration page. The quantity for any part number is always one off unless a higher quantity is shown in brackets against the part number. Where a component is not part numbered individually it is not available as a separate item. In such cases the assembly or kit must be fitted to the vehicle. Part numbers quoted on illustrations are common to all models covered by the publication unless otherwise stated against the heading, the part number, or in the section at the bottom of the illustration. Where two part numbers are shown against an item, the second number being in brackets, this indicates a supersession exists and the number in brackets is the earlier number.

Users should familiarize themselves with the various standard symbols and abbreviations that are used throughout the catalogue, together with the country abbreviations that are used to denote parts fitted to a specific market.

ORDERING

When ordering replacement parts it is essential that the following points are noted.

1. Always quote the complete part number including all prefix and suffix letters or numbers.

2. Always quote the quantity required, noting that the quantities shown are those used in the application actually illustrated. Sometimes only minimum packaged quantities are available and these may well contain more parts than are actually required for a single job. For details of packaged quantities refer to the parts price list.

3. Where a change point is shown for a vehicle, engine, gearbox or axle check carefully to ensure that the correct part number is ordered.

4. The listing or illustrating of an item does not guarantee it's availability.

The policy of BL Cars Limited is one of continued development and improvement. Consequently they reserve the right to change specifications without prior notice.

REPERTOIRES

Le catalogue comporte un certain nombre de répertoires en facilitant la consultation.

1. Répertoire illustré — Il consiste en de petites illustrations correspondant chacune à un groupe de pièces. Face au groupe on trouve les numéros des première et dernière page sur lesquelles figurent les pièces.

2. Répertoire alphabétique — Il donne des nomenclatures de toutes les pièces principales du véhicule, par ordre alphabétique, et le numéro de la page à laquelle on trouvera la pièce.

3. Répertoire numérique — Il donne en fin des nomenclatures du catalogue toutes les pièces de rechange par ordre numérique, ainsi que la désignation complète de la pièce et le numéro de la première page à laquelle elle se trouve.

DISPOSITION

Le catalogue représente toutes les pièces, ensembles ou pochettes de réparation qui se font pour le véhicule, et il donne directement le numéro de la pièce à la page des illustrations. La quantité pour tout numéro de pièce est toujours une, à moins qu'une autre quantité ne soit indiquée en parenthèses à côté du numéro de pièce. Si une pièce n'a pas son propre numéro c'est qu'elle ne se fait pas séparément. Dans ce cas il faut monter sur le véhicule l'ensemble ou kit. Les numéros de pièce indiqués à toutes les illustrations sont communs à tous les modèles concernés par la publication sauf indication contraire à côte de l'entête, du numéro de la pièce, ou à la partie au bas de l'illustration. Lorsqu'il y a deux numéros de pièce à côté d'une pièce, le deuxième étant entre parenthèses, cela veut dire que la pièce dont le numéro est entre parenthèses est une pièce antérieure, qui a été remplacée.

Il est demandé aux utilisateurs du catalogue de se familiariser avec les divers symboles et abréviations utilisés tout au long du catalogue, et aussi avec les abréviations des pays, pour les pièces destinées à un marché particulier.

COMMANDES

Pour commander des pièces de rechange il est essentiel de se conformer aux règles suivantes:

1. Toujours indiquer le numéro de la pièce tout entier, y compris toutes lettres ou chiffres, préfixes ou suffixes.

2. Toujours indiquer la quantité requise, ne pas oublier que les quantités indiquées sont celles requises pour l'utilisation qui est illustrée. Parfois les pièces sont conditionnées par quantités minimales et il est possible dans ce cas qu'il y ait plus de pièces que nécessaire pour une intervention particulière. On trouvera au barême des renseignements sur les pièces vendues par quantité.

3. Lorsqu'un changement est indiqué pour un véhicule, un moteur, une boîte de vitesses ou un essieu, vérifier soigneusement qu'on commande la pièce portant le bon numéro.

4. Le fait qu'une pièce figure à la nomenclature ne veut pas forcément dire qu'elle soit disponible.

BL Cars Limited a pour principe de procéder sans cesse à des développements et perfectionnements, et se réserve donc le droit d'apporter des changements aux caractéristiques sans préavis.

EINLEITUNG

INDEX-VERZEICHNISSE

In diesem Katalog sind eine Reihe von Index-Verzeichnissen zur leichten Bezugnahme vorgesehen.

1. Bildindex: Dieser Bildindex besteht aus einer Reihe von kleinen Abbildungen, die sich jeweils auf eine gewisse Bauteilgruppe beziehen. Zu jeder Gruppe gehören die Anfangs- und Endseitennummern, auf der die abgebildeten Teile zu finden sind.

2. Alphabetischer Index: Auf diesem Index erscheinen alle Hauptteile des Fahrzeugs in alphabetischer Reihenfolge und die Seitenzahl, auf der diese Bauteile zu finden sind.

3. Numerischer Index: Dieser Index am Ende der Kataloglisten zeigt alle Serviceteile in numerischer Reihenfolge und eine ausführliche Beschreibung des Bauteils, weiterhin die erste Seitenzahl, auf der es erscheint.

AUSLEGUNG

Der Katalog zeigt alle Teile, Einheiten und Reparatursätze, die für das Fahrzeug erhältlich sind, und gibt die Teilnummer direkt auf der Abbildungsseite an. Die Anzahl für alle Teilnummern ist immer ein Stück, wenn keine höhere Menge in Klammern bei der Teilnummer angegeben ist. Wenn ein Bauteil keine selbständige Teilnummer zeigt, kann es nicht separat geliefert werden. In solchen Fällen muß die ganze Einheit oder der gesamte Satz im Fahrzeug vorgesehen werden. Auf Abbildungen angegebene Teilnummern sind für alle Modelle gültig, auf die sich diese Veröffentlichung bezieht, wenn es Überschrift, Teilnummer oder Abschnitt unten auf der Abbildung nicht anders angeben. Wenn ein Teil mit zwei Teilnummern versehen ist (zweite Zahl in Klammern), so weist diese Tatsache darauf hin, daß ein neueres Teilmodell existiert. Die Zahl in Klammern stellt die frühere Teilnummer dar.

Leser dieses Katalogs lernen am besten die verschiedenen Standardsymbole und Abkürzungen, die überall im Katalog verwendet werden, kennen. Außerdem sind die Länderabkürzungen nützlich, die für Teile eines bestimmten Marktes gelten.

BESTELLUNG

Bei der Bestellung von Ersatzteilen ist es erforderlich, die folgenden Punkte zu beachten:

1. Immer komplette Teilnummer mit Präfix- und Suffix-Buchstaben oder -Nummern angeben.

2. Niemals Mengenangabe vergessen. Es werden immer die Mengen abgebildet, die in der gezeigten Anwendung benötigt werden. Manchmal sind nur Mindestmengen erhältlich. Dabei kann es sich um zahlenmäßig größere Teile handeln, als sie für eine Arbeit erforderlich sind. Einzelheiten über abgepackte Mengen sind auf der Einzelteilpreisliste zu finden.

3. Wenn für ein Fahrzeug, einen Motor, ein Getriebe oder eine Achse ein Änderungspunkt gezeigt wird, sorgfältig überprüfen, daß das korrekte Einzelteil mit der richtigen Nummer bestellt wird.

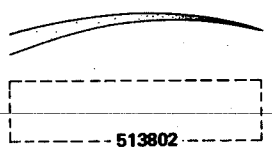

4. Eine Abbildung oder Aufführung eines bestimmten Bauteils ist keine Garantie für die Lieferfähigkeit des Artikels.

BL Cars Limited ist ständig damit beschäftigt, seine Produkte zu verbessern und weiterzuentwickeln. Änderungen ohne vorherige Mitteilung sind daher vorbehalten.

SYMBOLS

- Right Hand Steering
- Left Hand Steering
- Right Hand
- Left Hand
- Safety Item
- Exhaust Emission
- Not Exhaust Emission

- Denotes parts fitted up to serial number(s) shown below.
- Indicates parts fitted from a serial number(s) up to another serial number(s).
- Denotes parts fitted from a serial number(s) onwards.
- Refer to note at foot of page.
- Refers to associated page or indicates part or assembly to which item connects.

Represents location of details.

Encloses parts which form an assembly or kit.

Indicates connecting items when these are not illustrated in their true relationship.

LAND-ROVER SERIES III OPTIONAL EQUIPMENT.

Sales Department 'E' number and Service Part Number cross reference list.

E.Number	Description	Models	Part Number	Remarks
E3	Pulley and drive unit for rear Power take-off	All	RTC8010	
E28C	Heavy duty towing pintle	All except 109 S.W.	535068	
E1011	Rear end door less spare wheel carrier - hard top	88 and 109	320828	
E1012	Rear end door less spare wheel carrier - S.Wagon	88 and 109	345353	
E1015	Front mud flaps	All	320601	
E1016	Rear mud flaps	88	320590	
E1017	Front Nulink mats, RH Stg	All	330992	
E1018	Front Nulink mats, LH Stg	All	330993	
E1019	Rear Nulink mats	88	330994	
E1020	Rear Nulink mats	109	330995	
E1021	Exterior sun visor	All	90608551	
E1022	Front bumperettes	All	552074	
E1023	Diesel front springs for hydraulic winch	88	265627 Driver 264563 Passenger	
E1028	Sutty foot pump	All	535023	
E1050	Cab with quarter lights	88	Service supply separate parts in conjunction with E1051	
		109	Service supply separate parts in conjunction with E1356	
E1052	Hood, full length, no side windows	88	331110 Hood, green or 330982 Hood, blue 330999 Hoodsticks and fixings	
E1053	Hood, full length, with side windows	88 Export	331113 Hood, green or 330983 Hood, blue 330999 Hoodsticks and fixings	
E1054	Hood, full length, no side windows	109	331259 Hood, green or 330984 Hood, blue 332951 Hoodsticks and fixings	

E.Number	Description	Models	Part Number	Remarks
E1055	Hood, full length with side windows	109 Export	331260 Hood, green or 330985 Hood, blue 332951 Hoodsticks and fixings	
E1059	Bonnet, de-luxe dished	88 SW & 109	Bonnet MRC2440 Striker bracket 330648	See also Spare wheel carrier E1682, E1107 or E1149.
E1060	Private locks and security catches	109 Standard 88 Optional	320611	With lock on RH front door.
E1060A	Private locks and security catches	109 Standard 88 Optional	320612	With lock on LH front door.
E1069	Centre power take-off	All 4 cylinder	RTC8005	Cannot be used when hyd.winch is fitted
E1071	Towing equipment	All except 109 S.W.	RTC8019	
E1072	Rubber pad for brake and clutch pedals	88 & 109	278166(2)	
E1082	Rear seats	88 except S.W.	330969(2) Grey) Alter- 320737(2) Black) natives	
E1084	Rear seats	109 except S.W.	As E1082 with quantity increased to 4 off	
E1085	Lifting and towing rings	All	267950	
E1094	Tropical roof for hard top	88	332025 Roof RTC1163 Fittings	
E1095	Tropical roof for hard top	109	333246 Roof RTC1163 Fittings	
E1096	Tropical roof for cab	All	330894	
E1104	Hood, plain, three-quarter length	109	331307 Hood, green or 330997 Hood, blue 332952 Hoodsticks and fixings	
E1105	Hood, with side windows, three-quarter length	109	331308 Hood, green or 330998 Hood, blue 332952 Hoodsticks and fixings	
E1107	Spare wheel locking device (includes spare wheel support)	88 & 109	332972	
E1112	Hood, plain, three-quarter length	88	331371 Hood, green or 330986 Hood, blue 332950 Hoodsticks and fixings	

GROUP A

E.Number	Description	Models	Part Number	Remarks
E1113	Hood, with side windows, three-quarter length	88	331372 330987 332950	Hood, Green or Hood, Blue Hoodsticks and fixings
E1116	Bonnet locking	All	332969	De-luxe bonnet
E1149	Spare wheel carrier on bonnet	Standard with cab	332972

⑦ From C.A.V. 5836B250

GROUP H

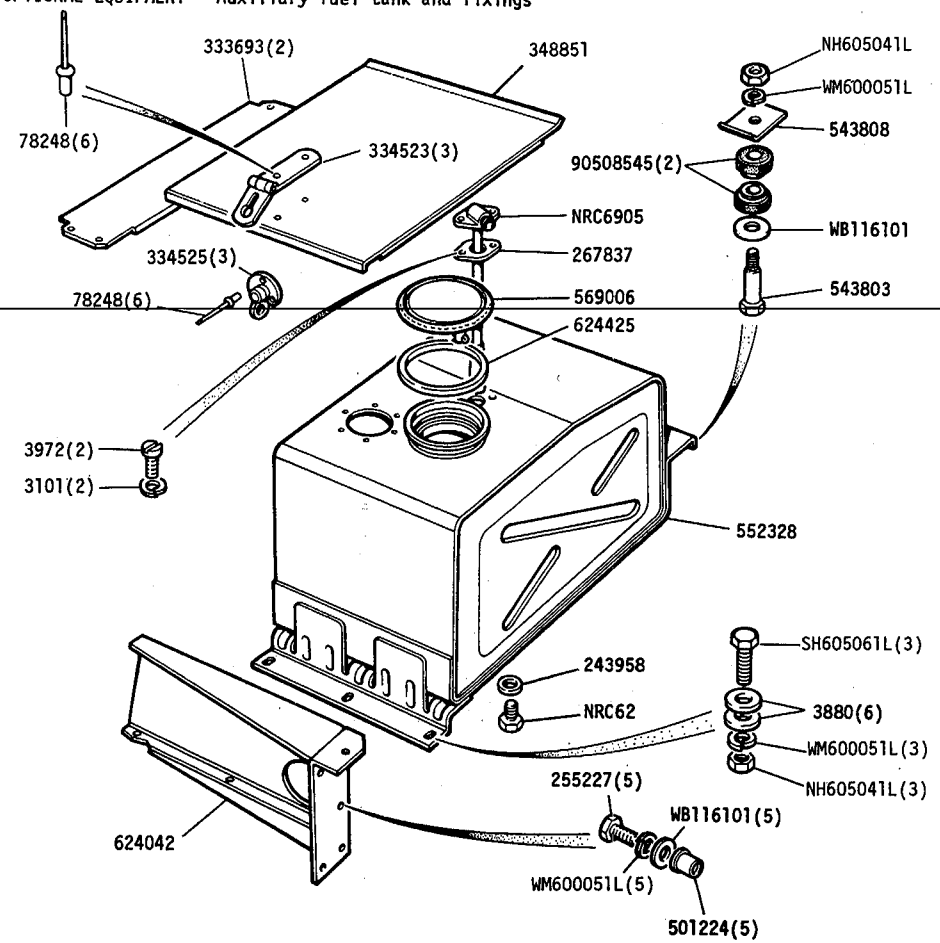

OPTIONAL EQUIPMENT Auxiliary tank, gauge and pipes

Series IIA and III Landrover 88 2¼ Petrol tank kit 607074
Conversion for 109in 2¼ petrol vehicles up to October 1973 not available in kit form. Supply separate parts

① All series IIA and III 2¼ petrol models
② Series III 109 2¼ petrol Station Wagon models

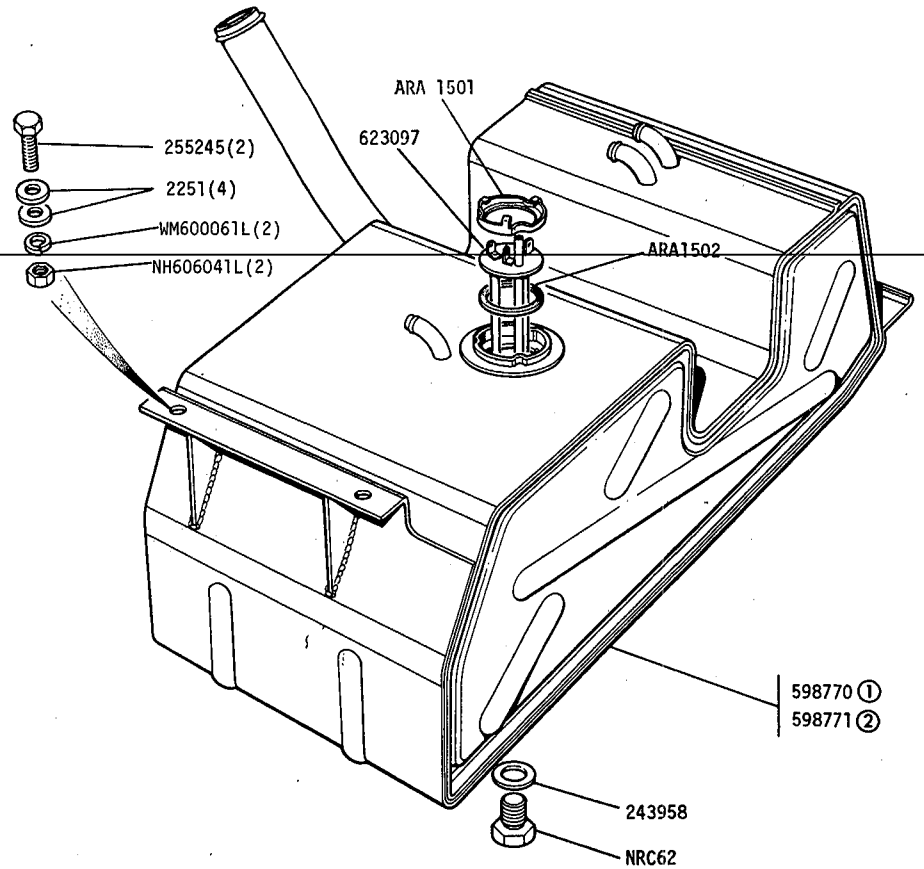

GROUP H
OPTIONAL EQUIPMENT - Auxiliary fuel tank and fixings

Series III Land Rover 109 2¼ Petrol auxiliary fuel tank kit RTC846 from October 1973 onwards.

Series IIA and III Land Rover 109 2.6 Petrol auxiliary fuel tank kit RTC848

GROUP H
OPTIONAL EQUIPMENT - Fuel tank when rear power take off is fitted.

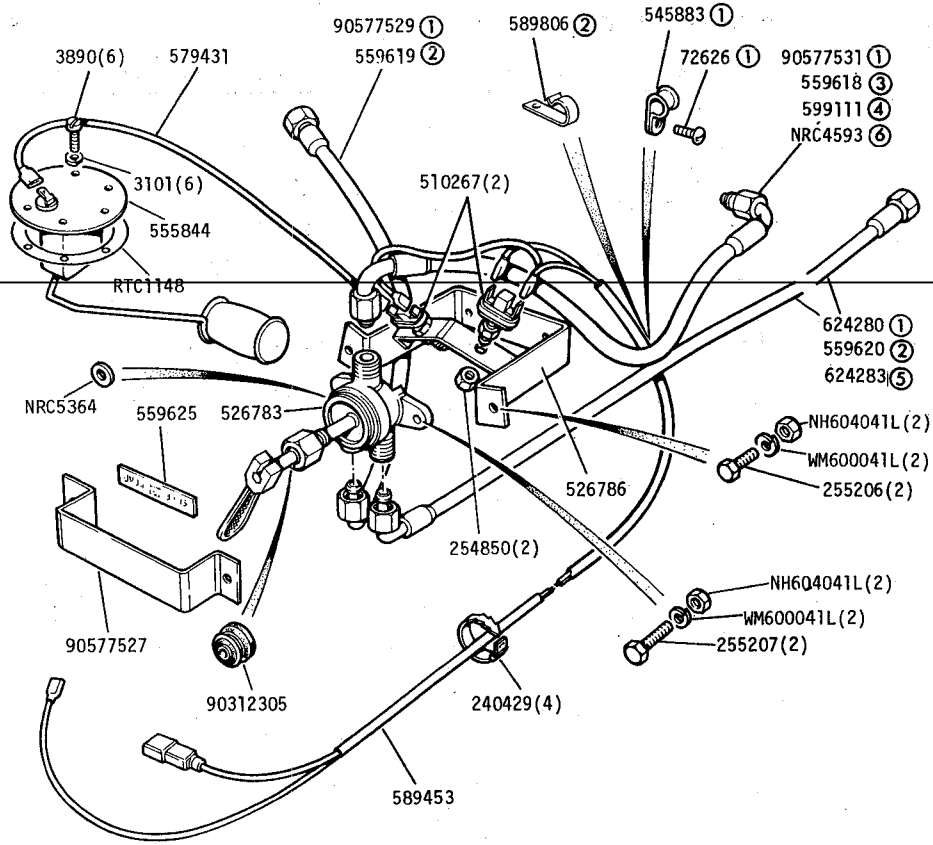

Series III Land Rover except station wagon from October 1973
① 2¼ and 2.6 petrol models.
② 2¼ diesel models

Series III 2¼ and 2.6 petrol fuel tank kit, NLS fitted with rear power take off

Series III 2¼ diesel fuel tank kit, NLS fitted with rear power take off.

Refer to frame 1E 03 for Rear Power Take Off Kits, used in conjunction with the smaller capacity fuel tanks illustrated above.

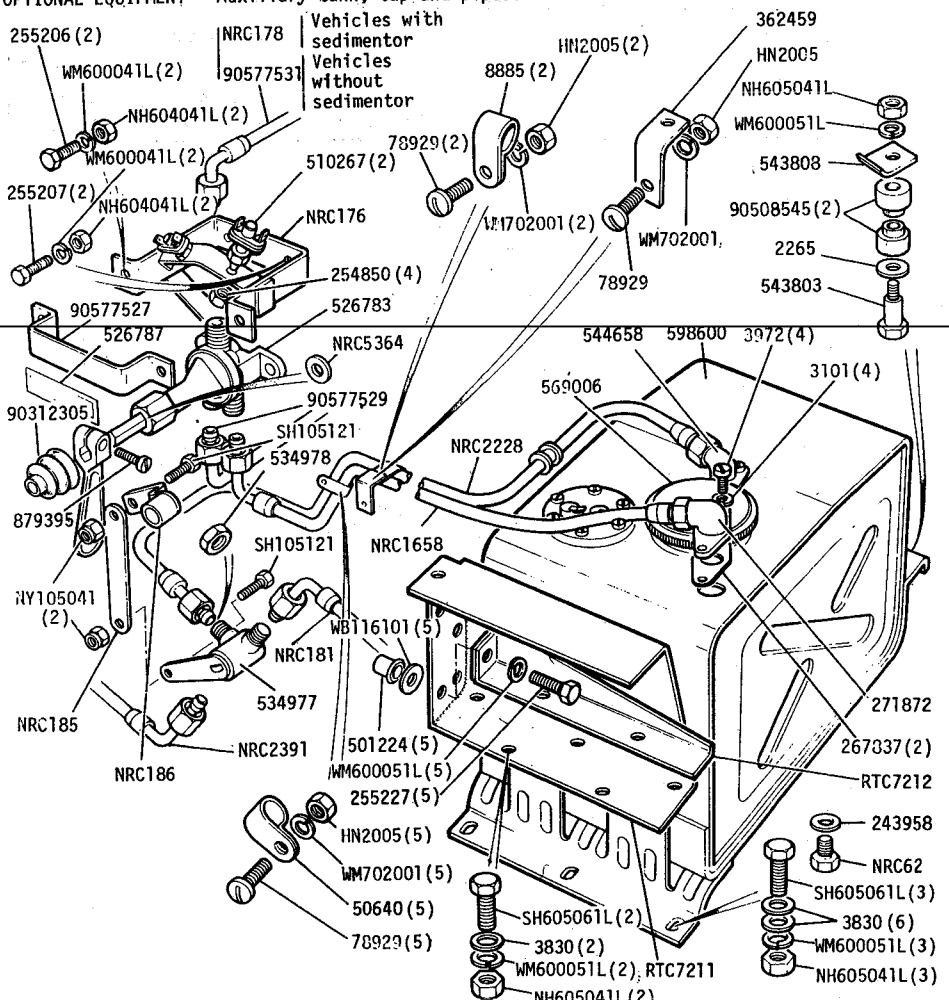

GROUP H
OPTIONAL EQUIPMENT - Auxiliary tank two way tap,pipes and gauge

Series III 109 2¼ litre petrol auxiliary fuel tank kit RTC846
Series IIA and III 109 2.6 litre petrol auxiliary fuel tank kit RTC848

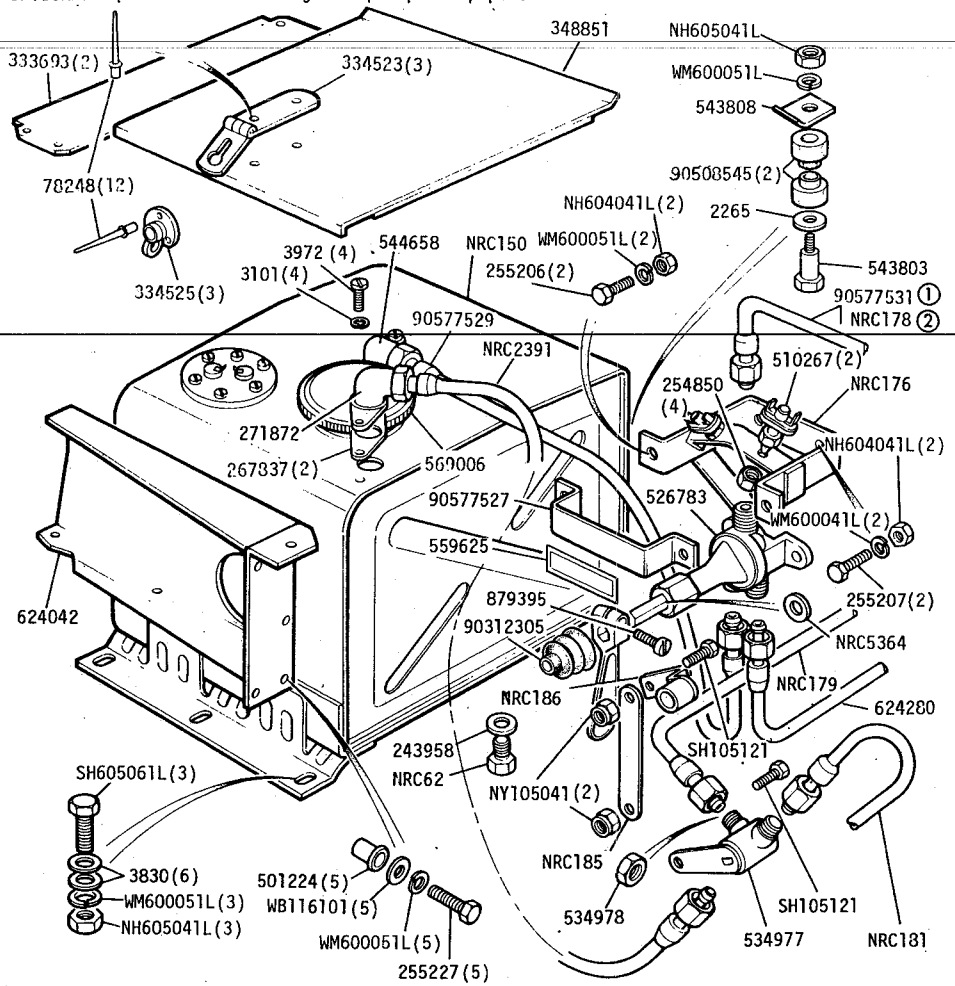

① Series III 2¼ petrol
② Series IIA and III 2.6 petrol
③ Series IIA and III 2.6 petrol with S.U. Pump
④ Series III 2.6 petrol with Bendix Pump
⑤ Series III 2.6 petrol with olive and nut on fuel tank
⑥ Series III 2.6 Petrol with S.U. Pump fitted from March 1979

GROUP H
OPTIONAL EQUIPMENT - Auxiliary tank, tap and pipes.

Series III Land Rover 88 2¼ litre diesel auxiliary fuel tank kit RTC8035

GROUP H
OPTIONAL EQUIPMENT - Auxiliary tank, tap and pipes.

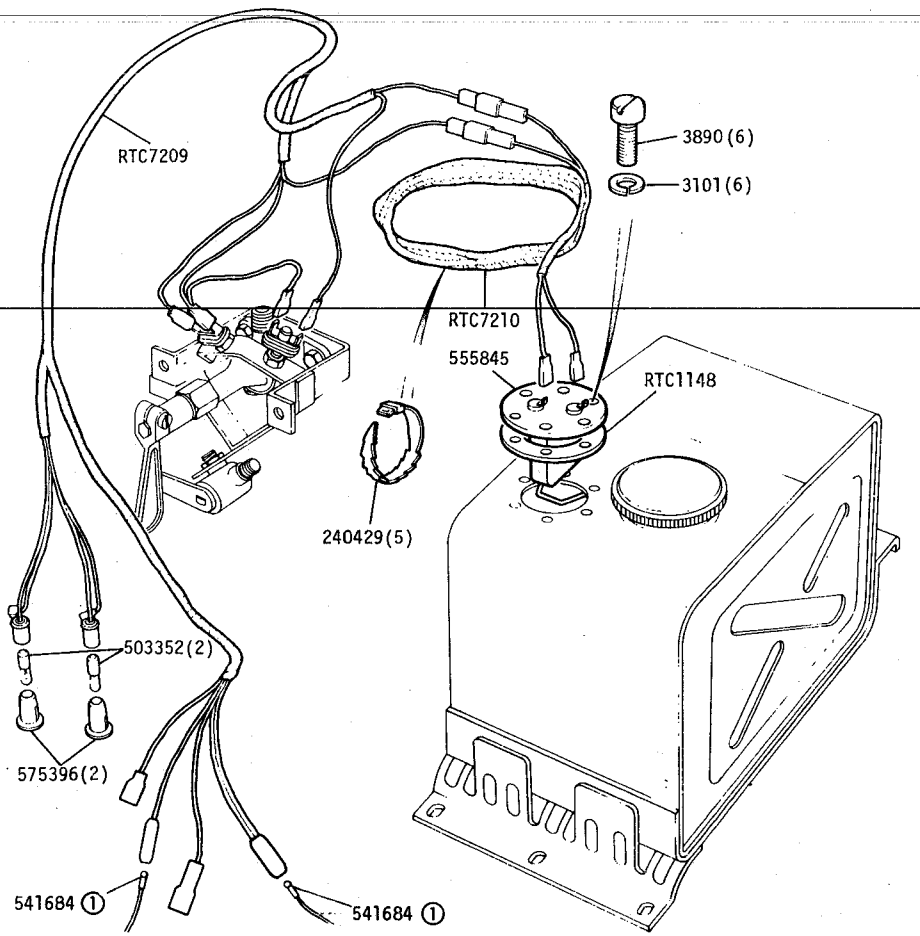

Series III Land Rover 109 2¼ litre diesel auxiliary fuel tank kit RTC8034

① Vehicle without sedimentor

② Vehicle with sedimentor

GROUP H
OPTIONAL EQUIPMENT - Auxiliary tank, harness and fuel gauge.

Series III Land Rover 88 2¼ litre diesel auxiliary fuel tank kit RTC8035.
Series III Land Rover 109 2¼ litre diesel auxiliary fuel tank kit RTC8034.

① Crimp nipples fitted to existing leads, from warning light in dash.

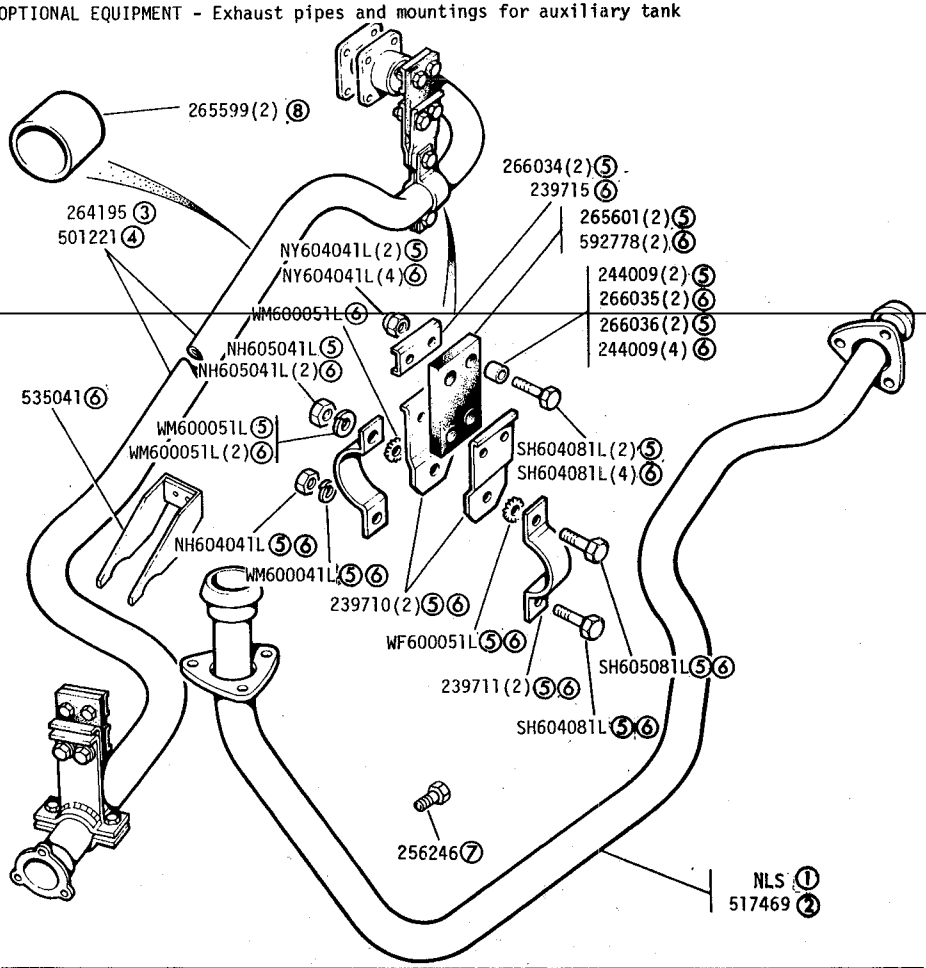

Refer to frame 1L 05 for auxiliary panel kit.

Plug for redundant hole in facia MRC4152
